

FACILITIES

The IUC Dubrovnik (www.iuc.hr/ iuc@iuc.hr) is located at the address Don Frana Bulića 4, in the vicinity of the Old Town, just a few minutes walk to the entrance into the historical city. The building, originally a school constructed in the first years of the 20th century, provides a meeting place for professors, scholars and students from all around the world.

The building has a large conference hall, which can accommodate 110 participants, 10 classrooms of different sizes, computer lab and 2 cabinets. The Conference hall and classrooms are air – conditioned, equipped with power point and overhead projectors. Simultaneous translation equipment and poster session space is also available.

Participants of IUC courses and conferences have a computer room with internet connection and a printer at their disposal every work day from 8 a.m. to 7 p.m. The computer room is used both for every day communication and for preparations of seminar papers and course presentations.

Photocopying of work material and handouts is also available.

A charming courtyard with 4 old chestnut trees contributes to the atmosphere of the building since many social and academic gatherings take place there. Whether it is a venue for welcome parties or coffee breaks, or buffet lunches or dinners, which can be easily organised at the ground floor cafeteria, the courtyard is always offering relaxing ambience. It is covered with wireless signal so on a clear day many participants replace the computer room with the outside bench.

On the second floor of the building, there are 7 air-conditioned apartments with twin beds and kitchenette, that can be reserved at ana.tokic@caas.unigz.hr. In the attic of the building there is a dormitory containing 56 beds. All bedrooms have their own bathroom and are air-conditioned. The management of the dormitory should be contacted at office@dormitory.hr.
