Course 21: Divided Societies XVII: War and Peace in the 21st Century
 22 – 29 April 2014

About the Course

The course, which is entering its eighteenth year in 2014, is an eight-day, interdisciplinary workshop that combines conference-oriented presentation of scholarly research with an intensive and rigorous academic programme for graduate and postgraduate students. In addition, the course offers personal inter-cultural experience of students and faculty from other contexts in the unforgettable setting of a city that was itself the target of a destructive societal conflict.
