Summer Stroke School Scholarship Program

Provided by Croatian Stroke Society

About the Program

Primary objective of the Summer Stroke School Scholarship Program is to encourage cooperation and to promote exchange of knowledge between participants from different countries. The Summer Stroke School is a meeting of respected scientists that work with stroke, presenting and discussing all major aspects of stroke risk factors, as well as new insights in epidemiology, prevention, diagnosis, treatment and rehabilitation of stroke. Probably the major feature of the Summer Stroke School is enabling exchange of experience among experts and comparison of stroke data from various countries. Also, the Summer Stroke School allows knowledge transfer between respected scientists from western countries and colleagues from central and east European countries working with stroke.

What are Summer Stroke School Scholarships?

Summer Stroke School Scholarships offer a unique opportunity for students and trainees to obtain knowledge and experience in stroke-related topics and provide a fantastic insight into the new approaches in prevention and stroke diagnostic.

The scholarships offer students and trainees the experience of working with well-established scientists and colleagues in a productive working environment of wonderful Dubrovnik.

What do they offer?
