 Course 34: **Divided Societies XXI: Old and New Nationalisms**
 6 – 13 May 2018

About the Course

The course, which is entering its twenty-second year in 2018, is an interdisciplinary workshop that combines conference-oriented presentation of scholarly research with an intensive and rigorous academic programme for advanced graduate and postgraduate students. In addition, the course offers personal intercultural experience of students and faculty from other contexts in the unforgettable setting of a city that was itself the target of a destructive societal conflict.
